WHEREAS: The Mayor and City Council of Dover desires to AMEND and Replace Ordinance 104 Section V, for determination and clarification of the Equivalent Residence attributable to a particular user of the City's sewer system.

NOW, THEREFORE BE IT ORDAINED by the Mayor and City Council of Dover, Bonner County Idaho as follows:

Amendment To Ordinance 104 Section V:

The following paragraph AMENDS and REPLACES the original "Ordinance 104 Section V: CAPITALIZATION FEES" in its entirety:

SECTION V: CONNECTION FEE

Single family Equivalent Residence wastewater connection fee: The single family Equivalent Residence (or ER) wastewater connection fee is calculated as an equitable buy-in to the system based on capital improvements installed by the City, previous Local Improvement Districts (LIDs) or others. It is required that within sixty (60) days following passage of this ordinance, the City Council shall meet and determine the single family residence wastewater connection fee to be charged by the City. All fees and charges shall be set by Resolution by the City. The calculation of this fee shall not be based upon any budgetary needs except for the mandate that the wastewater system shall be self-supporting.

The CITY reserves the right to adjust a particular ER factor (both with respect to collection of additional connection fees and with respect to the assessment of lesser or greater O&M charges) in the case of a change in use or discharge of a particular User. The City may negotiate the ER calculation for a new connection and adjust the value after a reasonable verification period.

Section 2: Effective Date: This Ordinance shall be in force and effect upon passage and publication as provided by law.
