

**CITY OF DOVER**      PUMP -YES -NO  
**SEPTIC TANK REPORT OF INSPECTION**

Date \_\_\_\_\_ Date of Last Insp. \_\_\_\_\_

Address \_\_\_\_\_

Physical Location of tank \_\_\_\_\_

**Septic Tank Details**

Septic Tank Material: Concrete  Plastic/Fiberglass  Other  \_\_\_\_\_

Gravity:  Pressure:  # of Pumps: \_\_\_\_\_

Single Compartment:  Dual Compartment:  Separate Pump Basin:

**Inspection**

Is tank accessible? Yes  No  Note \_\_\_\_\_

Inlet baffle: Concrete  Plastic  Other  Condition \_\_\_\_\_

Outlet baffle: Concrete  Plastic  Other  Condition \_\_\_\_\_

Inlet Riser and Lid: Concrete  Plastic  Other  N/A  Condition \_\_\_\_\_

Outlet Riser and Lid: Concrete  Plastic  Other  N/A  Condition \_\_\_\_\_

Pump Chamber Riser and Lid: Concrete  Plastic  Other  N/A  Condition \_\_\_\_\_

Does tank appear to leak in or out? Yes  No  Note \_\_\_\_\_

Evidence of root intrusion? Yes  No  Note \_\_\_\_\_

Any visible abnormal conditions? Yes  No  Note \_\_\_\_\_

**Sludge depth on bottom of tank to be determined before any pumping,  
using "Sludge Judge" or similar tool**

\_\_\_\_\_ Normal operating depth (inches) of tank  
\_\_\_\_\_ Depth (inches) of scum layer on surface  
\_\_\_\_\_ Depth (inches) of sludge layer on bottom of tank  
\_\_\_\_\_ Calculated percentage of usable tank volume available  
Normal op. depth – scum depth – sludge depth  
(65% Minimum)                      Normal operating depth

**Inspectors Certification**

I have inspected the condition of the septic tank at this property on the date indicated below. No inspection was performed on inlet and outlet lines or any electrical components such as pumps or control panels. This Report of Inspection does not imply nor guarantee any future performance of this septic system in any way.
