City of Dover Recognized with City Achievement Award

BOISE – The Association of Idaho Cities (AIC) recognized the City of Dover with a City Achievement Award at the June 23rd banquet during the 75th AIC Annual Conference in Boise held June 22-24, 2022.

Creativity, innovation, and solutions-oriented leadership define Idaho city officials. The City Achievement Awards recognize the work of cities around Idaho that have implemented pioneering approaches to improve quality of life, address community challenges, and enhance service delivery in cost-effective ways. This year, awards were given in six categories: Community Engagement, Economic & Community Development, Parks & Recreation, Public Safety, Public Works & Transportation, and Youth & Youth Council.

The City of Dover was recognized with a City Achievement Award in the Community Engagement Category for its project New Post Office. An important project because Dover has P.O. box service only. The new post office with over 1,000 post office boxes and parcel lockers will be constructed on property purchased by the city in 2021.

The Association of Idaho Cities was formed in 1947 and is a nonpartisan, nonprofit corporation organized to serve Idaho's 199 incorporated cities. AIC influences policies and provides education, training and technical assistance to strengthen the ability of city elected officials and staff to serve their communities.
